Long Distance Telephone = Tarrytown, 48
LILIUM HARRISII.

The season in Bermuda has been very favorable, but owing to the small acreage planted, the crop is short, especially in the larger sizes, which are very scarce. Those who have not secured their Harrisi, particularly in the large sizes, should lose no time in doing so. We have exercised great care in selecting our bulbs the present season. One of our representatives has made two trips to Bermuda for the purpose of inspecting the fields while crop was growing and securing bulbs that are perfectly healthy and free from disease; so that the stock offered by us is as carefully selected as it is possible to select stock, and as the past season has been quite favorable, we think that our bulbs will give very good satisfaction. Certainly nothing that can be handled is more profitable than Lilium Harrisii when well grown, as there is a good and sure demand for it at all times. For Christmas flowering, bulbs must be potted as early in August as they can be procured. For this purpose the 5-7 inch bulbs are preferable to the larger bulbs, as they can be brought into bloom much earlier. When forced for Christmas, they require a night temperature of at least 60 degrees.

Bulbs 5-7 in. in circumference, $5.00 per 100; $45.00 per 1,000.

LILIUM LONGIFLORUM (Bermuda-grown).

This is preferred to Harrisii by many growers of cut flowers for Easter forcing, for growing for sale as pot plants, as the foliage is considerably heavier, forming a more compact and better furnished plant when standing alone. Large-sized bulbs are scarce, and necessarily high priced. Growers have found that by planting three 5-7 inch bulbs in a pot, a very bushy, compact plant can be secured. Bermuda-grown Longiflorum is much superior to Japan-grown bulbs, as they can be supplied much earlier, allowing them to become well rooted early in the season, giving them a longer season, so that they can be grown more slowly, and in consequence, produce many more flowers to the bulb than the Japan grown Longiflorum.

Bulbs 5-7 in. in circumference, $5.00 per 100; $45.00 per 1,000.

JAPAN LILIES.

Lilium Auratum.—Bulbs 7-9 in. in circumference, $5.00 per 100; $45.00 per 1,000; 9-11 in. in circumference, $8.00 per 100; $70.00 per 1,000.

Lilium Album.—Bulbs 7-9 in. in circumference, $6.00 per 100; $50.00 per 1,000.

Lilium Melpomene.—Bulbs 7-9 in. in circumference, $7.00 per 100; $60.00 per 1,000.

Lilium Rubrum.—Bulbs 7-9 in. in circumference, $5.00 per 100; $45.00 per 1,000.

WE ARE THE EASTERN AGENTS FOR THE NEW CRIMSON WINTER-FLOWERING ROSE "LIBERTY," AND ARE NOW READY TO BOOK ORDERS FOR IT. DELIVERY MARCH, 1900. WRITE US FOR PRICES STATING QUANTITY WANTED. STOCK IS LIMITED; EARLY ORDERS ARE ADVISABLE. ORDERS BOOKED AND FILLED IN ROTATION AS RECEIVED. DON'T BE BEHIND IN PLACING YOUR ORDER FOR THIS ROSE. IT IS Bound TO HAVE A PHENOMENAL SALE.
Lily of the Valley.

Ready for Delivery in November.

Pierson’s Perfection. — This is an extra selected grade for those who desire the finest Valley grown. Price of Valley has been driven down so low that it has been at the expense of quality, and growers are beginning to realize that a really first-class article cannot be furnished at prices which have been selling. The very best German Valley grown has been sent to London and St. Peterburg to growers who have been willing to pay the price for a very superior article, and very little, if any, of the finest grade grown have reached this country; but there is beginning to be a demand here for a better grade of Valley than is generally offered, and in order to meet this demand, we are importing this grade of pips, which we have had selected for us with great care and which are the very finest pips grown. They will produce the largest spikes, with the largest number of bells, and will give the very largest percentage of first quality flowers. This Valley is more than worth the difference in price to every grower, and we can recommend it without hesitation, knowing that it will give perfect satisfaction.

$1.75 per 100; $15.00 per 1,000; $30.00 per case, 2,500 pips.

Pierson’s Premier. — This is a very finely selected Valley—a grade under our Perfection grade. For those who want a superior article at a moderate price, this grade will give very satisfactory results. We have sold large quantities of it, and buyers have always been very well satisfied. It is good value at the price charged, and much better than extra quality three-year-old German pips that are generally handled.

$1.50 per 100; $12.50 per 1,000; $25.00 per case, 2,500 pips.

Extra Quality. — This is the standard quality three-year-old German pips generally sold, and is the quality usually handled in this country by most dealers. It is as good Valley as can be handled at this price. It should never be used for very early forcing, but for late forcing it will give very good results.

$1.25 per 100; $10.00 per 1,000; $20.00 per case, 2,500 pips.

Astilbe, or Spirea.

Ready in November, packed in cases of 250 clumps. Orders for case lots will be furnished at the thousand rate.

Japonica. — Larger imported clumps, specially grown for forcing. $4.00 per 100; $32.00 per 1,000.

Compacta Multiflora. — More compact than Japonica; an extra fine variety for forcing. $4.50 per 100; $36.00 per 1,000.

Astilboideus Floribunda. — A very strong grower, and quite distinct from the other two sorts, and preferred by many for Easter forcing. Flowers pure white, very large and feathered. Very distinct in general appearance from the other varieties. $4.50 per 100; $36.00 per 1,000.

First Shipments of Lily of the Valley will reach this country early in November, just in time to force for Christmas. If wanted for this purpose, orders should be placed without delay, so that delivery can be made from earliest consignments.
DUTCH HYACINTHS.

READY FOR DELIVERY IN SEPTEMBER.

NOTE.—Owing to a very unfavorable season in Holland this year, resulting in almost a failure of the crop, the bulbs will not be so large as usual, and are much higher in price, but the bulbs furnished by us will be as good as can be obtained this year.

FINEST NAMED HYACINTHS.

The varieties here offered are the finest sorts and those best adapted for winter-flowering or bedding, producing the largest and most perfect spikes and the most beautiful flowers, and the bulbs offered are of the largest size and finest quality obtainable. This is the only grade that should be used for pot culture or for growing in pans for winter-flowering, where flowers of highest quality are desired.

SINGLE.

Gigantea.—Pure white, large spike.
Gertrude.—Bright pink.
Norma.—Rose pink, large bells, fine truss.
Grand Maitre.—Blue.
Leonidas.—Bright blue.
La Puic d’Or.—Citron yellow.

DOUBLE.

Bouquet Tendre.—Carmine rose.
Gis Nicholas.—Blush rose.
Flevo.—Pure white, large bells, fine truss; very early.

SINGLE.

Barones van Thuyll.—Pure white.
Grandeur a Merveille.—White shaded rose.
Mme. van der Hoop.—Pure white; large and fine.
La Peyrouse.—Fine porcelain blue.
Piencman.—Light porcelain blue, large bells.

DOUBLE.

La Tour d’Auvergne.—Pure white.
Blacksberg.—Light blue.
Prince of Saxe-Weimar.—Dark blue.

$7.00 per 100, $60.00 per 1,000.

GOOD NAMED HYACINTHS.

We recommend this grade particularly for bedding. The bulbs cost but a trifle more than ordinary mixed hyacinths in separate colors, but give much better satisfaction, as they bloom evenly and at one time; while the named hyacinths, no matter how carefully selected, bloom more or less irregularly and unevenly. This grade of bulbs will also force very satisfactorily, but, of course, will not produce quite as large spikes or as fine blooms as the Finest NAMED offered above, which are the finest and largest selected bulbs; but for those who want a medium-priced hyacinth, these will be found to be very satisfactory, even for forcing, although we recommend them particularly for bedding, for which purpose they are much preferable to mixed hyacinths. The varieties offered are the same as those named above.

$6.00 per 100 $80 per 1,000.

MIXED HYACINTHS IN SEPARATE COLORS.

This grade is largely used for bedding, and by many florists is even used for forcing, although we do not recommend it for that purpose; but the bulbs that we furnish will be equal in quality to the same stock offered by others at the same figure. We offer these either single or double, equal proportions of each color, as follows: Dark red, Rose, Pure white, Blush white, Yellow, Light blue, and Dark blue.

$5.00 per 100 $40 per 1,000.

MINIATURE HYACINTHS or DUTCH ROMANS.

This grade of hyacinths is becoming very popular, and their use is largely increasing. Florists who have forced them have found them exceedingly profitable. They are not only valuable for cutting, but are very desirable for growing in pans, half a dozen bulbs planted in a pan making very lovely plants and producing surprisingly large spikes, considering the size of the bulb. They can even be used for bedding purposes, and where a cheap hyacinth is desired, one would be surprised at the result of these bulbs, which are very large and at one time. We not only furnish them by name, but select varieties that produce the largest spikes of bloom and those that are the most satisfactory for forcing.

Gigantea.—Carmine rose.
Grand Maitre.—Light blue.
La Peyrouse.—Porcelain blue.

$3.00 per 100, $22.00 per 1,000.

Blancard.—Pure white.
Barones van Thuyll.—Pure white.
Grandeur a Merveille.—Blush white.
$3.00 per 100, $25.00 per 1,000.

ROMAN HYACINTHS.

We have never been able to offer Roman Hyacinths as low as we can offer them this season, and at the low prices here offered, they should prove very profitable, especially to florists who force bulbs for their own use. While the price is exceptionally low, the quality will be very fine. The bulbs that we offer are obtained from the very best sources, and are very carefully packed, so that they cannot fail to give the very best satisfaction.

White Romans,—Extra quality bulbs, 12-15 cm in circumference, $1.35 per 100, $13.00 per 1,000.

Pink Romans,—These are somewhat later than White Romans; very popular on account of their beautiful color—light flesh pink; semi-double. Extra quality bulbs, 12-15 cm in circumference, $1.50 per 100, $15.00 per 1,000.

Blue Romans,—Extra quality bulbs, 12-15 cm in circumference, $1.50 per 100, $15.00 per 1,000.

ALL BULBS NOW READY FOR DELIVERY UNLESS OTHERWISE STATED.
SINGLE EARLY TULIPS.

**La Reine (Queen Victoria).**—White, slightly shaded pink. A favorite forcing variety, and extra fine for bedding. First size, for bedding, $1.00 per 100; $8.00 per 1,000. Extra size, for forcing, $1.25 per 100; $9.50 per 1,000.

**L’Immaculée.**—White. Finest white bedding tulip; also a fine early forcing variety; can be forced for Christmas. Almost as early as scarlet *Tulip Fane.* 90c. per 100; $7.00 per 1,000.

**Mon Tresor.**—Pure yellow. Extra fine for forcing. $2.00 per 100; $17.00 per 1,000.

**Pax Alba.**—Pure white; dwarf. 90c. per 100; $7.00 per 1,000.

**Potettecher, Yellow.**—Yellow, with light scarlet stripe. $1.75 per 100; $15.00 per 1,000.

**Potettecher, White.**—Finest white forcing tulip. Extra large flower. Very early. Also extra fine for bedding. $1.50 per 100; $13.00 per 1,000.

**Pottbaker, Scarlet (Verboom).**—Very fine bright scarlet. Excellent for forcing or bedding. $1.25 per 100; $10.00 per 1,000.

**Prince of Austria.**—Extra fine for forcing or bedding. Strong grower and very large flower. Bright orange-vernilion. $2.25 per 100; $20.00 per 1,000.

**Princess Marianne.**—One of the largest and very finest pink tulips for bedding. 90c. per 100; $7.00 per 1,000.

**Rosamund Huykman.**—Rose pink, with broad white stripes in the center of each petal. Large flower, fine stem. Extra fine. Bolder than *Keizer Rui.* $1.25 per 100; $10.00 per 1,000.

**Rose Gris De Lin.**—Lovely delicate pink. Best pink for early forcing; also fine for bedding. $1.75 per 100; $15.00 per 1,000.

**Standard Royal Silver.**—Cherry crimson, feathered with pure white. An exceedingly beautiful variegated tulip. Extra fine for forcing. $1.00 per 100; $9.00 per 1,000.

**Vermillion Brilliant.**—An extra choice variety, finest of all scarlets for forcing. Very large flower; most brilliant of all scarlets. $2.50 per 100; $23.00 per 1,000.

**Wapen Van Leiden.**—White, with broad, deep pink stripe at the top of each petal; general effect, deep white. Extra fine. Bolder. $1.35 per 100; $11.00 per 1,000.

**White Swan.**—Largest of all white tulips. An extra fine bedding, and good also for late forcing. $1.00 per 100; $9.00 per 1,000.

**Yellow Prince.**—The standard yellow forcing tulip; also fine for bedding. Shows orange tinge when up of very fine named varieties, and containing a good proportion of the different colors. We can recommend this mixture to any one wanting mixed tulips. 75c. per 100; $6.00 per 1,000.

**DOUBLE EARLY TULIPS.**

**Gloria Solis.**—Crimson, with yellow margin. Fine bedding; one of the showiest tulips for this purpose. Also a fine late forcing variety. Very similar to *Tournesol* in color. Cannot be forced early. $1.00 per 100; $9.00 per 1,000.

**Imperator Rubrum.**—Very fine bright scarlet. Finest of all double scarlets for forcing. $2.00 per 100; $18.00 per 1,000.

**Lady Grandison.**—Bright scarlet. Very early. Fine for bedding. $1.00 per 100; $8.00 per 1,000.

**La Condeur.**—Pure white. Fine for bedding, and also for Easter forcing. $1.00 per 100; $8.00 per 1,000.

**Mariluc.**—Extra fine late pink; decidedly the very best double pink tulip for forcing or bedding. Extra. $2.50 per 100; $22.00 per 1,000.

**Paeony Red.**—Fine scarlet for bedding. Blooms with *La Condeur* and *Yellow Rose.* $1.00 per 100; $9.00 per 1,000.

**Queen Victor.**—Crimson, with white edge,—similar in color to *Court of Peace.* $1.00 per 100; $9.00 per 1,000.

**Rex Rubrum.**—Extra fine scarlet for bedding. Large, full, and double flower. Produces a strong contrast planted with *La Condeur.* Very effective. $1.75 per 100; $15.00 per 1,000.

**Rex Rubrum.**—White. Very early; earlier than *La Condeur.* $1.00 per 100; $8.00 per 1,000.

**Tournesol, Red and Yellow.**—Scarlet, bordered yellow. Extra fine for forcing. Exceedingly showy. $1.75 per 100; $15.00 per 1,000.

**Yellow Rose.—Bright yellow.** Very neat. $1.00 per 100; $9.00 per 1,000.

**Yellow Rose.—Bright yellow.** Very neat. $1.00 per 100; $9.00 per 1,000.

**Fine Mixed.**—All colors. 90c. per 100; $7.50 per 1,000.
NARCISSUS. Ready for delivery in September.

Double Von Sions or Double Yellow Daffodil.—(The Double Yellow Trumpet Narcissus). This is one of the most useful and profitable of winter-flowering bulbs, and is forced in large quantities. There is nothing in which quality is so important as in Von Sions, both in regard to color and form of flower, size of bulb, etc. The flower of the stock we offer is the pure golden yellow. Those who have been troubled with “Green Von Sions” should try our stock. Growers will find it best to buy the best Von Sions obtainable. We import the very best bulbs obtainable, and while our prices may seem high in comparison with prices quoted by some houses, we know that our double-nosed or top root bulbs will give better satisfaction and prove more profitable for the money than cheaper grades that are usually offered. We are very particular in our selection of the bulbs, and our double-nosed or top root bulbs are the very largest bulbs that grow. They are extra selected and are what are called in Holland top roots or double-nosed bulbs. They run about two inches in diameter and up, and should average at least two flowers to the bulb. This is the size that we recommend always, and we know that our price is low, quality considered. So-called double-nosed bulbs offered at a less price must be at expense of quality. The extra size offered are its good bulbs as can be offered for the money, but, of course, are not equal in quality to the top roots, but we offer them for those who want a moderate priced bulb.

Mammoth, double-nose or top root bulbs, $2.25 per 100; $20.00 per 1,000.

Extra sized bulbs, $1.75 per 100; $15.00 per 1,000.

Alba Plena Odorata.—Double, pure white, Gardenia-like flowers, exquisitely scented. $1.00 per 100; $9.00 per 1,000.

Incomparable Fl. Pl. (“Butter and Eggs”).—Full double golden-yellow flower, with orange center; good forer; 90c. per 100; $7.00 per 1,000.

Orange Phoenix (“Eggs and Bacon”).—Double white, with orange center. $1.75 per 100; $15.00 per 1,000.

Incomparable Stella.—Single white star-shaped flower, with yellow cup; one of the most beautiful and most easily forced of all the Narcissus. 75c. per 100; $5.00 per 1,000.

Princesses (The Large Irish Single Yellow Trumpet Daffodil).—This is the earliest single variety for forcing; has magnificent large blooms; light sulphur yellow trumpet, with lighter perianth. $1.25 per 100; $10.00 per 1,000.

Trumpet Major (Single Yellow Trumpet).—Flower large, deep golden yellow, same color as double Von Sion. Highly prized for early forcing and bedding; one of the favorite sorts. $1.25 per 100; $11.00 per 1,000.

Poeticus (Pleasant’s Eye).—Pure white, with red cup. This variety is very hardy and one of the most beautiful of all the Narcissus. Florists will find it very useful for cutting in spring, as it can be planted in borders out of doors, where it is perfectly hardy, and will bloom year after year. It is fine for planting in masses on the border of shrubbery in parks, public grounds, etc. 50c. per 100; $4.00 per 1,000.

Poeticus Ornatus,—The Improved Poeticus. Blooms much earlier than Poeticus, and for this reason is now forced, to the exclusion of the common variety. The flower is pure white, with scarlet ring, much finer in form than Poeticus; a magnificent cut flower. $1.25 per 100; $11.00 per 1,000.

JONQUILS.

Giant Campenell Jonquil Rugosus.—Much larger and finer than the old favorite Campenell Jonquil, and a much finer bloomer, and for forcing, especially, is much more desirable. Beautiful single yellow star-shaped flower, beautifully imbricated, borne in clusters of four to six on a stem delightfully fragrant. Also perfectly hardy and invaluable for outdoor planting. 75c. per 100; $6.00 per 1,000.

Single Sweet-Scented Jonquil.—The old-fashioned Jonquil. Splendid for hardy borders and old-fashioned gardens. Very hardy. Flowers bright golden yellow, star-shaped, blooms in large clusters in the early spring. 50c. per 100; $4.00 per 1,000.

LARGE FLOWERED PAPER WHITE NARCISSUS.

Now ready for delivery; all others ready in September.

This variety is now used exclusively by the best growers. It is much larger and better than the ordinary variety; blooms in large clusters and comes into flower earlier. We sell large quantities of these. Bulbs are of very fine quality this season, and we are able to offer them lower than ever before. Extra sized bulbs, $1.00 per 100; $8.50 per 1,000.

WE DESIRE TO CALL PARTICULAR ATTENTION TO OUR VERY FINE AND LARGE STOCK OF HARDY, RARE ORNAMENTAL SHRUBS AND TREES, VINES AND EVERGREENS, PARTICULARLY RHODODENDRONS, THE HARDY AZALEAS, JAPANESE MAPLES, COLORADO BLUE SPRUCE, HEMLOCK, RETINOSPORAS, CALIFORNIA PRIVET, CLEMATIS, ETC. MOST HARDY STOCK CAN BE PLANTED TO ADVANTAGE IN THE FALL IF PLANTED EARLY. IF INTERESTED SEND FOR CATALOGUE.
Chinese Sacred Lily. Ready in October.

(NARCISIS ORIENTALIS).

These are favorite bulbs for retailing, as they make fine house plants. We offer only the best quality bulbs, grown in China, where they attain great size and strength, insuring luxuriant growth and remarkable profusion of flowers in a very short period. Bulbs are packed in clay.

Price, original bundle containing four baskets, 30 bulbs to the basket (120 bulbs), $6.00; single basket (30 bulbs), $4.50 per 1,000. Mixed White.

CROCUS. Ready in September.

MAMMOTH CROCUS.

These are extra large selected bulbs, averaging 3½ in. and up in diameter. Varieties offered are also of the very finest quality. They are very desirable for forcing, and these large bulbs produce a very large number of flowers and are much finer for bedding, as they throw up unusually large number of flowers.

Mont Blanc.—Snowy white. La Majestueuse.—Violet, striped white.

FINE NAMED CROCUS.

These are first sized bulbs, and a first-class article where moderate priced Crocus is wanted. They will not throw as many flowers as bulbs as the Mammoth Crocus offered above, but are much finer than the mixed, and we offer them at some figure that common sized Crocus can be bought, enabling buyers to plant them in solid blocks or to make their own mixtures, insuring an equal assortment of colors.

Prince Albert.—Dark purple. Large Yellow.—Pure golden yellow.
La Majestueuse.—Violet, striped white. Mont Blanc.—Snowy white.
Baron Von Brunow.—Purplish blue. 50c. per 100; $3.50 per 1,000.

TUBEROSE. Pearl.

We handle these bulbs very largely, exporting annually nearly a million bulbs—more than five carloads. Our bulbs are grown in the South, where the climate and soil are peculiarly adapted for their perfect development. We also secure our bulbs by an improved method, enabling us to offer a very superior article. We can supply these bulbs in any quantity, and will accept orders at very low prices where given in advance. Orders will be kept at any time during the year, for delivery as soon as bulbs are ripened and ready for shipment—usually about December 1st.

For large quantities write us for special quotations, stating quantity wanted.

BEGONIAS—Tuberous-Rooted. Ready in December.

Having made arrangements with one of the largest and finest growers of Tuberous Begonias in Europe to supply us with his entire product, we are enabled to offer these bulbs at unusually low prices. While the price offered is unusually low, the bulbs are not second sized, as are generally offered, but are first-class bulbs, running 1½ in. in diameter and up. The quality of the flower, notwithstanding the low price, is unusually fine—as fine as can be had—and for which many ask twice the price we charge. There is no finer stock to be had in Europe. At the prices we offer them buyers will find it cheaper to buy here than to import their own stock direct. We offer them in separate colors,—white, pink, scarlet, yellow, and crimson.

Single, $3.00 per 100; $2.50 per 1,000. Double, $4.00 per 100; $4.00 per 1,000.

GLOXINIAS. Ready in December.

We handle these very largely, and our strain of Hybrid Crassifoila Erecta Grandiflora is unequalled, embracing an unusual proportion of spotted, white, pink, and other choice colors. Bulbs of large size.

Separate colors,—white; red; blue; red, bordered blue; white, bordered blue, $3.00 per 100.

CALADIUM ESCULENTUM. Ready in December.

Large bulbs, 6-9 in. in circumference, $3.00 per 100; $25.00 per 1,000. Extra size bulbs, 9-12 in. in circumference, $6.00 per 100; $80.00 per 1,000.

TIGRIDIAS. Ready in December.

Conchiflora.—Pure yellow, spotted. Rosa.—Bright rose.
Favonia.—Crimson, spotted yellow. $2.00 per 100; $15.00 per 1,000.

COLUMBIA FLOWER TUBS—The best thing made for large Palms, Bay Trees, etc. Made of best Cypress, natural varnish finish. Tubs, 12 inches in diameter, 11 inches high, $0.65 each; 15 do., 14 do., $1.25 each; 18 do., 16½ do., $1.70 each; 21 do., 18½ do., $2.10 each; 24 do., 20½ do., $2.50 each. For other greenhouse and garden supplies see our General Wholesale List.
A Few Fall Specialties in Plants.

AZALEAS

Next to the Easter lily these are the most important plants for Easter decoration. Our annual imports are very large, and plants have never been finer than they are this year. We shall have to offer from October until Easter a fine assortment of plants, with fine crowns, well-shaped and well shaded. Orders will be booked at these special fall import prices for delivery in October and November. Orders should be placed at once, so that advantage can be taken of these low import prices before prices advance later in the season and while the plants can be shipped by freight, as early in the season plants travel as safely by freight as by express and at a great saving in cost of transportation. These prices will hold good only for early shipment, as we cannot afford to sell at these prices later on; after plants have been potted and put into winter quarters for spring sale. We handle only the very finest varieties, and our selection will be found to contain the very finest sorts either for commercial purposes or private conservatories.

Empress of India.—Vigorous white and salmon-rose. Double.

Madame Van der Cruyssen.—Bright rose; silvery markings with bright carmine on upper edge of petal. Double.

Empress of Brazil.—Pink, bordered white. Double.

Vergemosa.—White, salmon center, with deep carmine markings in center of flower. Double.

Strong plants, 10-12 in. in diameter, $5.00 per doz. $5.50 per 100.

Extra large, larger and heavier, $7.50 per doz., $50.00 per 100.

CRIMSON RAMBLER ROSE. For Easter Forcing.

Ready in November.

We desire to call the attention of the trade to the great value of this rose as a pot plant for Easter sale. The great beauty of the rose is well known. It is one of the showiest and most popular of all hardy plants, but it also makes one of the most beautiful pot plants for florists' use, and is particularly adapted for flowering for Easter, well-grown plants the last having proved one of the finest novelties grown for this purpose. The freedom with which it blooms and the length of time the flowers remain on the plants make it unusually desirable for this purpose. A Boston grower realized ten dollars each for every plant he had. There is no rose that is more easily grown and flowered than Crimson Rambler. We can supply an extra fine lot of strong field-grown plants, extra fine for potting and growing for this purpose. These plants will flower to five feet high and the stock is in the very best possible shape. These long canes will flower from every joint, and by proper training and pruning the plants can be made of immense size and a perfect mass of bloom. We know of no choice plant for the Easter trade, and no one can make any mistake in using a lot of this stock for this purpose.

Extra strong field-grown plants, as above described, $2.50 per doz., $15.00 per 100.

HYBRID PERPETUAL ROSES. Ready in November.

We offer an unusually fine stock of the very choicest and most desirable varieties for growing for pot plants for florists' use for Easter or spring sales, or for outdoor planting. Our stock is unusually strong, and cannot fail to please. We can supply the following extra choice sorts, viz.:—

Mrs. John Laing, Ulrich Bruner, Paul Neyron, Alfred Colombe, Prince Camille de Rohan, Gen'l Jaqueminot, Baroness de Rothschild, Mme. Gabrielle Liseet, Glosre de Paris, Margaret Dickson, Baron de Bonstetten, Marshall P. Wilder and Magna Charta.

Strong field-grown plants extra heavy, $12.00 per 100, $100.00 per 1,000.

POT-GROWN LILACS FOR FORCING. Ready in November.

We can supply a fine lot of these in the fall and early winter for forcing under glass. Orders will be booked at any time for delivery upon arrival of fall importations and can be supplied from that time on until spring, as long as plants are in dormant condition. We offer the two leading varieties used for that purpose.

Marie Legrasse—Pure white. Charles X—Best purple.

Strong plants well set with buds, $7.75 per doz., $50.00 per 100.

DEUTZIA GRACILIS. Ready in November.

Very easily forced, and one of the most useful Easter plants. Fine, strong, compact plants. $12.00 per 100.

BAY TREES. STANDARDS. PYRAMIDS.

We carry in stock at all times a splendid lot of Bay Trees, both Standards and Pyramids. Buyers will find these plants excellent value at prices charged.

Fine plants, about 2-3 ft. in diameter, $10.00 each. Fine plants, about 3 ft. in diameter, $15.00 each.

Fine plants, about 4 ft. in diameter, $30.00 each. A few Standards with extra heavy tops, $30.00 each.

PYRAMIDAL BOX. Ready in November.

We shall have to offer in November a large stock of these useful and ornamental decorative plants. The plants are sheared in compact pyramid form, and make very beautiful plants, that are desirable for many purposes, as they can be bought very much cheaper than Bay Trees, and can be used where Bay Trees are not admissible, as, on account of their hardness, they will stand frost and cold. Plants are very attractive; leaves dark olive green.

Fine specimens, well trimmed, 3-4 ft. high, $2.00 each.

Our Fall Price-List of Palms and Other Decorative Plants will be Issued October 1st. We would call particular attention to our large stocks of Araucarias, Nephrolepis Excelsa, Exaltata Bostoniensis—the Boston Fern—Davalliodes Furcans, Cordata Compacta, Cyclas Revoluta—the Sago Palm—Ficus, Pandanus Veitchii, Latanias, Arecas, Kentias, Oranthe Oranges, Ferns, etc.
